

Vancouver based Freelance 2D/3D Generalists / VFX Artists

POSITION OVERVIEW

We're looking for talented freelance 2D /3D Generalists / VFX artists to work on various projects at our downtown office.

The ideal candidate will have at least 2 years of experience working in a similar role at an agency or production company.

Your responsibilities will including creating 3D assets ready for compositing/after effects integration. You will need good knowledge of 2D animation principles and some 3D animation skills.

You must be based in/around Vancouver and have a Showreel to demonstrate your skills in order to qualify for this role.

QUALIFICATIONS & ATTRIBUTES

- At least 2 years of experience working in a similar role.
- A keen eye for design and broad knowledge of motion graphics/VFX.
- Good problem solving skills with the confidence to carry out creative briefs using materials provided.
- Strong Adobe Suite skills (mainly After Effects, Photoshop & Illustrator)
- 3D modeling, rendering and animation skills (Maya/Cinema 4D).
- Generalist skills within After Effects.
- Strong tracking, compositing and rotoscope skills.
- Ability to track and replace screens.
- Experience creating high end finessed content of cinematic standards.
- The ability to create tech themed GFX/VFX such as HUD and laser effects.
- Video Production experience.

COMPENSATION

Competitive (negotiable based on experience and the type/duration of the project).
